# Formnext Forum Tokyo 2022 Exhibitor's guide

## Formnext Forum Tokyo will be held as a hybrid format– online and on-site.

As a sister event of Formnext – a leading platform for additive manufacturing and industrial 3D printing, held in Germany, Formnext Forum Tokyo has been held in Tokyo since 2019. Take advantage of the opportunity to disseminate your latest product information to the public through exhibits, exhibitor presentations, and online seminars.

### [Online Pre-event Seminar] Early September 2022

As to attract visitors to the onsite event, Online Pre-event Seminar will be held prior to the onsite event.

\*The presentation slot is included in the Digital exhibitor package.

Tue. 27 – Wed. 28 September

# formnext

## forum TOKYO

The onsite event provides high quality business meeting place.
